

## **School and Parent Statement of Cooperation**

The faculty and staff of EBCA consider it a privilege and a God given responsibility to stand in the place of the parents in the education and training of each student. We also believe the parents need to recognize that in attending EBCA, they too have a responsibility to cooperate with the Academy's standards of conduct, music, dress, attitude and academic standards.

We recognize that any authority is God given and as such we each submit in our respective roles. Recognizing the authority of the home in the training of its children we should strive to respect parental desires. Parents, at the same time, need to understand the role of the church, its pastor and our teachers as God given authorities to whom they have agreed to submit their children. Therefore, each needs to permit and encourage the teacher to enforce consistent Christian principles of discipline as is understood in the Scriptures. We do not propose the use of corporal punishment unless other means have failed and then we encourage the parents to come to school to administer a spanking.

We also believe that in dealing with young people in a variety of situations they should be properly supervised; however accidents could still occur. In signing this statement, you agree that the school will not be held liable for any injury to the child; although the school will see that the child receives the proper care.

I agree that we are entering into a partnership in the training of our child and agree to support the school's policies and regulations in every way.
